Ref. No.: IITM/AA/2026/112

Date: 06 July 2026

Subject: Notification Regarding Commencement of Semester II Academic Session and Hostel Accommodation Schedule – B. Tech Programme

Pursuant to the review and approval of the competent academic and administrative authorities of the Institute, the following schedule is hereby notified with respect to the commencement of Semester II of the B. Tech Programme for the Academic Year 2025–2026.

It is hereby informed that the academic classes for all Semester II batches shall formally commence from:

03 August 2026 (Monday)

The commencement of Semester II shall take place concurrently with the initiation of the Semester I academic session for the succeeding batch of undergraduate students.

Further, the schedule for hostel accommodation and reporting formalities for eligible students has been finalized as follows: **02 August 2026 (Sunday)**

Students availing Institute hostel facilities are required to report on the above-mentioned date for completion of hostel accommodation, room allotment, identity verification, and other prescribed institutional formalities.

The approved academic timeline for Semester II shall be as under:

03 August 2026 to 04 January 2027 (155 Calendar Days | 108 Working Weekdays)

The above schedule has been structured following detailed academic planning and administrative review conducted by the Institute to ensure orderly conduct of the semester and adequate completion of all instructional requirements.

The revision of the commencement schedule has been necessitated after careful consideration of the prevailing climatic conditions in Chennai, including sustained periods of extreme heat, high humidity, and adverse weather conditions forecast during the originally proposed reporting period. The Competent Authority has determined that the revised schedule is in the interest of safeguarding the health, safety, and overall well-being of students and their accompanying parent(s)/guardian(s), particularly those travelling from distant parts of the country.

The revised schedule will also facilitate the completion of ongoing institutional preparedness activities, including hostel readiness, campus infrastructure maintenance, laboratory commissioning, safety inspections, information technology systems validation, and departmental academic planning, thereby ensuring that all facilities and services are fully operational before the commencement of the academic session.

Detailed instructions relating to hostel allotment, fee payment procedures, departmental reporting, and commencement of coursework shall be issued separately through official Institute communication channels.

All students are advised to make their travel arrangements in accordance with the revised schedule and to regularly monitor official Institute communications for further updates.

The Institute appreciates the patience, understanding, and continued cooperation extended by students and their parent(s)/guardian(s).

With regards,
Academic Affairs Department
